Stay Close To Mother: When small children are out on busy streets and busy roads it is always best to stay close to mother. When there is thunder and lightening, stay close to mother. When there is sickness and upset, stay close to mother. When playing and swimming on the beach, stay close to mother. When there is danger of any kind, stay close to mother. Jesus has given us His own mother to take care of us. Her beautiful name is Mary. After the death and resurrection of Jesus our mother Mary, for a number of years helped Jesus' Apostles and followers to form the Church. With her prayers and wisdom, she guided and supported the beginning of Her Son's Church. Then the time came for Mary to leave this world and join Her Son in Heaven and we believe that Her body did not decay, but was taken with her soul into the Glory of Heaven. As our God – given, Heavenly Mother, Mary is calling all of us to stay close to Her amidst the dangers of the world we live in. She desires us and our families to be consecrated to Her, so that she may protect us from evil. For thirty four years some young people have claimed to speak and see Our Lady on a daily basis in Medjugorje. These apparitions have been investigated by the Church a number of times and in the greatest detail and we await in obedience the decision of Holy Church. Here is latest message announced by the Visionaries: July 25, 2015. "Dear children! With joy I am with you also today and I call all of you, little children, pray, pray, pray so as to comprehend the love which I have for you. My love is stronger than evil, little children, therefore draw closer to God so as to feel my joy in God. Without God, little children, you do not have a future, you do not have hope or salvation; therefore leave evil and choose good. I am with you and, with you, I intercede before God for all of your needs. Thank you for having responded to my call " **07/25/2015** Our Heavenly mother's message
